Organic Baby Carrier for your Earth-friendly Baby

The Belle Baby Carrier gets 5 stars!!! 

Not only is the Belle Baby Carrier Organic but ergonomic as well. The Belle Baby Carrier is made in Colorado, the good old USA, of organic cotton and hemp.

Unlike other baby carriers and baby slings, the Belle Baby Carrier distributes your baby's weight to your hips instead of your back and shoulders, and it positions your baby in a proper, ergonomic position that supports your baby's developing spine.

Here's what other parents say...Compact, Comfortable, Versatile, Lightweight and extremely easy to use. Belle Baby Carriers are used by Julia Roberts and other celebrities. Great Colors and fun patterns.
